Blok I Jl. Ds Simpangan RT. 02 RW. 06
Cikarang Utara, Kabupaten Bekasi

Personal Profile

I am an Information Technology student program. Who is responsible, a highly potential and motivated with self-leadership. Who is seeking experience and knowledge with an interest in **IT Field**. Being able to work in team and adapting to new environment.

Achievement : 2nd grade scholarship recipient from President University

Project Experience

Android application

I have developed an android application named *Pengaduan YARA* using Android Studio in PlayStore. I made it for YARA that stands for *Yayasan Advokasi Rakyat Aceh*. The mobile application is aiming to simplify the progress of complaint from residents. Previously, I also have made an android application for one of districts in Aceh. But, it is not published yet by them. The application is about checking the attendance of civil servants.

Full-Stack Developer Internship at PT. INACO

I have experienced working as a Full-Stack developer at PT. INACO, Tambun Selatan. At INACO, I use PHP and Blade to code the application. I also know MVC well. During the internship, I have made several applications for the company.
